# Try 3 techniques to play Otamatone.

Single notes, Portamento, "Wah" effects for a well-rounded performance.

## Single notes

Press the stem to play a note. Depending on the position the sound will come out differently.

## Portamento technique

Slide your fingers up and down while pressing the stem to smoothly connect different sounds into flowing melodies.

## "Wah" effect

Squeeze the base "cheeks" on both sides while pressing on the stem to create the "Wah" sound.

## How to play

- STEP 1.** Turn on the power switch behind the base, adjust the volume.
- STEP 2.** Hold the stem with one hand, while using the other to keep the base steady.
- STEP 3.** Press and slide fingers over the touch-sensitive stem to bring out the sound.
