Smart Ring (Outer Circle)

iFace with TinyTAN

The newest product to be released by iFace is the collaboration with TinyTAN inspired by BTS.

The design is authentic to the TinyTAN brand and was created by turning the seven members of TinyTAN into super cute characters.

Highly-adjustable kickstand.

Ring also functions as a highly-adjustable kickstand, allowing you to prop your phone up at the perfect angle for watching videos, video chatting, reading, and more.

Adjustable viewing angle.

Rotates 360° around center ring moves up or down 180° for maximum comfort.

Freely with One Hand.

With the iFace smart ring, you can easily touch parts that were difficult to reach with one hand. For larger smart phones, you can more clearly see the difference.

Slim Design.

The iFace smart ring has a slim design compared to the existing ring. The circular ring shape can be removed from the finger more gently than the angled shape.

Lovable characters created from TinyTAN inspired by BTS.
