Detailed design for extreme protection with durability

TPU

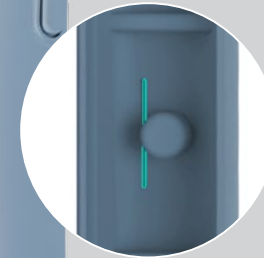

Supreme shock absorption through excellent elasticity

Honeycomb Pattern

Sophisticated design to absorb shock and withstand pressure

Air Pocket

For impact energy dispersion of the edge

Gentle Push

Precise design for a soft button feel

Strap Hole

Add charms, Straps, and more

Shatter-resistant

Special treatment helps minimize shards of glass spreading in case of breakage

Anti-fingerprint

prevent bubbles and minimize fingerprints on the case

9H hardness tempered glass base

High durability tempered glass* back helps minimize scratches and external shocks from daily use.

*Alumino-silicate Glass

No more devastating drops

We've tested our design
over 26 drops from
1.22m high with no damage
or abnormalities.

MIL-STD-810G Test is

passed when the device operates well without any problems after dropped **26 times** at **1.2 meters** height. We pass this kind of tough test and our case perfectly protects the device itself from the unexpected external shocks.

Rear camera protection

Raised bezel protects camera from damage and scratches due to drops or other contact with surfaces

Screen protection

Raised edge around screen shields glass from scratches and impacts

Attention to details.

Wireless charging compatible

Easily charge your phone with the case attached and make use of NFC function anytime (like Apple Pay).
